1 Remove lid and place dry roll in ChemWipe bucket.

2 Add desired amount of liquid to saturate roll.

3 Place lid over bucket and pull wipe from the center of roll through the hole in lid to dispense. Reseal bucket with lid and start using ChemWipe.

With over 700 SKUs, Berk International offers a full range of standard, custom and specialty wipes to a broad range of industry needs. Many wiping options are available in light, medium or heavy-duty substrates.
